REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: Applicant refers to the "wherein" clause for "antecedent basis for "the glass fiber". Since there is no explicit mention that the fiber is made of glass, examiner interprets the argument as that "the glass fiber" refers back to the optical component of step d - which would be a fiber that is made of glass. Because at step e, the glass is converted into a glass ceramic and in step C, the glass is still in the form of a cane.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

IT is noted that claims 18-21 are cancelled in the response of 7-7-03.
